The advertisement features a collection of Philips audio equipment, including a laptop, a portable music player, a boombox, a large multi-speaker system, and various headphones, all displayed against a blue background with a silhouette of a person wearing headphones. The Philips logo is in the top right corner. At the bottom, a crowd of people is shown with their hands raised, suggesting a concert or festival atmosphere.

Crystal Clear Sound
Crystal Clear Sound for super clarity and realism.

Full HD 3D Blu-ray
Active 3D uses the latest generation of fast switching displays for real life depth and realism in full 1080p1920 HD resolution.

Smart TV
Philips home theater & Blu-ray player with Smart TV offers an array of enhanced features, including Net TV, SimplyShare & My Remote.

Built-in WiFi
Simply connects your home theater directly to your home network.

Dolby Digital
Superb quality surround sound audio with realistic spatial cues.

EasyLink
Lets you control multiple devices like DVD players, Blu-ray players, TV's etc. with one remote.

Exposed speaker drivers
Exposed speaker drivers for powerful surround sound.

HDMI for HD movies
HDMI is a direct digital connection that can carry digital HD video as well as digital multichannel audio.

ProReader Drive
ProReader Drive lets you enjoy your movies and videos worry-free.

CinemaPlus
Feast your eyes on images that are razor sharp and a match for reality.

DivX Ultra Certified
With DivX support, you are able to enjoy DivX encoded videos and movies.

USB Media Link
The Universal Serial Bus or USB is a protocol standard that is conveniently used to link PCs, peripherals and consumer electronic equipment.

SimplyShare
Philips SimplyShare lets you share your music, movies & photos from tablet, smartphone & PCs to your home theater & Blu-ray player.

MP3 Link
The MP3 link connectivity allows direct playback of MP3 content from portable media players.

Dynamic Bass Boost
Dynamic Bass Boost maximizes your music enjoyment by emphasizing the bass content of the music throughout the range of volume settings - from low to high - at the touch of a button.

Play MP3-CD, CD and CD-R/RW
MP3 stands for "MP3" Audio layer-26 cm (3"). MP3 is a revolutionary compression technology by which large digital music files can be made up to 10 times smaller without radically degrading their audio quality.

Bass Reflex Speaker System
Bass Reflex Speaker System delivers a deep bass experience from a compact loudspeaker box system.

PlayDVD, VCD, MP3-CD, CD (RW) & Pict
The quality of a VCD is much better than a VCD, especially much more sharper picture than a VCD because of the higher resolution.

USB Direct
With the USB Direct mode, simply plug in your USB device to the USB port on your Philips device and your digital music will be played directly from the Philips device.

Play MP3/WMA-CD, CD and CD-RW
Audio compression technology allows large digital music files.

Dock iPod/iPhone in its case
Smartly designed spring-loaded docking port effortlessly accommodates any iPod or iPhone, without special adapters.

Carrying strap & robust design
Just attach the shoulder strap, sling it over your shoulder and go.

Dynamic lighting
Sleep in time to the dazzling beat of music. Cool lights blink to the rhythm of songs, adding fun and excitement to tunes.

Sleep Timer
Sleep timer lets you decide how long you want to listen to music or a radio station of your choice before falling asleep.
